

Nilfisk VL500 35L Wet and Dry Vacuum Cleaner

Variant code: 16-VL500-35

The Nilfisk VL500 series of wet and dry vacuum cleaners offer performance and reliability that ensures a low total cost of ownership and at the same time, features that make daily cleaning tasks easier, faster and safer.

The Nilfisk VL500 is ideally suited for hotels, contract cleaners, education, exhibition and conference centres as well as public buildings, manufacturing and industrial applications.

With the special dual filtration system, the VL500 can be used in any environment, wet or dry, without the need to change filters. A failsafe filter design ensures easy operation due to the ability to have individual wet and dry filters working simultaneously. Each filter is specific for either a wet or dry application ensuring maximum performance.

The unique design and features of the VL500 have been developed in partnership with Nilfisk customers. The VL500 is available in a variety of models to best suit the customers individual needs.

- Easy inspection of filters with a hinged motor head to protect the machine and speed up the process.
- The dual filtration system allows the machine to clean both wet and dry applications without the need to change filter
- Multi fit hose connector, stainless steel tube, accessory storage and nozzle parking.
