

Nilfisk VL500 55-2 Wet & Dry Vacuum 220-240V

Variant code: 16-107405173

The VL500 series of wet and dry vacuum cleaners is offering performance and reliability that ensure low total cost of ownership and at the same time has features making daily cleaning tasks easier, faster and safer.

VL500 is ideally suited for hotels, contract cleaners, education, exhibition and conference centres as well as public buildings, manufacturing and industrial applications. A fail-safe filter design makes operation easy due to the ability to have individual wet and dry filters working simultaneously. Each filter is specific for either a wet or dry application ensuring maximum performance. With the special dual filtration system, Nilfisk VL500 can be used in whatever environment, wet or dry, without the need to change filters. The unique design and features of VL500 is developed in partnership with Nilfisk customers.

Features

- Empty the container without having to remove the motor head makes operation fast and easy without risk of damage to critical components
- By transferring the weight as you lift the container, the Nilfisk Ergo Tipping system enables you to empty a completely filled container of fluid without excessive effort
- Easy changing of filters with the hinged motor head protects the machines and speeds up the process
- With the dual filtration system, the VL500 can be used in both wet or dry applications without the need to change filters
