Numatic NuPad Scrubbing Floor Pad for 244NX Scrubber Dryer - Green - Pack of 10

Variant code: 03-912352

The **Numatic NuPad Green Scrubbing Floor Pads** are heavy-duty floor cleaning pads specifically designed for use with the **Numatic 244NX Scrubber Dryer**. Measuring **220mm in diameter**, these green scrubbing pads provide effective cleaning performance on suitable hard floor surfaces, helping remove **everyday dirt, scuff marks and surface soiling**. Their heavy-duty cleaning grade makes them a practical choice for professional floor maintenance in commercial and public environments.

Designed for **general daily cleaning applications**, the green NuPad provides an effective scrubbing action to help maintain clean and presentable hard floors. The pad works with the machine's compatible **220mm PadLoc Drive Board**, allowing it to be used as part of the 244NX floor cleaning system. Its cleaning action helps tackle dirt and scuff marks encountered during regular floor maintenance without requiring a separate intensive floor restoration process.

Supplied in a convenient **pack of 10 pads**, the Numatic NuPad Green is suitable for cleaning contractors, facilities management teams and organisations carrying out frequent hard floor cleaning. The pads provide a practical consumable solution for maintaining the cleaning performance of the **Numatic 244NX Scrubber Dryer**, particularly in environments where regular removal of dirt and surface marks is essential.
