

Numatic PPR170H ProVac HEPA H13

Variant code: 16-PPR170H

Numatic PPR170H ProVac is a **professional dry vacuum cleaner** designed for powerful, reliable cleaning in commercial and professional environments. Equipped with an advanced **3-stage HEPA H13 filtration system**, it captures fine dust particles and common allergens, including pollen, pet dander and dust mites, helping maintain cleaner indoor environments.

Powered by a **620W high-efficiency motor**, the PPR170H delivers dependable suction performance with a generous **7.2L dust capacity**. Its 12.5m rewindable power cable provides an extended cleaning range, while the innovative **NuCable replacement system** allows quick and convenient cable replacement when required.

Designed for professional convenience, the vacuum features **HepaFlo dust bags** for hygienic dust collection and disposal, a protective bumper to help prevent damage to walls and furniture, and integrated accessory storage. Supplied with the **ASO professional accessory kit and stainless steel tube set**, it provides versatile cleaning performance across carpets, hard floors and above-floor surfaces.

Product Features

- **3-stage HEPA H13 filtration** for capturing fine dust and allergens
- **620W motor** for powerful and efficient dry vacuuming
- Generous **7.2L dust capacity** for professional cleaning
- **12.5m rewindable power cable** for extended reach
- **NuCable system** for convenient power cable replacement
- HepaFlo dust bags for clean and hygienic emptying
- Protective bumper helps prevent damage to walls and furniture
- Integrated wand and floor tool storage
- Supplied with **ASO accessory kit and stainless steel tubes**

Product Benefits

- Captures fine dust and common airborne allergens during vacuuming
- Supports cleaner indoor environments through advanced filtration
- Provides reliable suction for demanding commercial cleaning tasks
- Reduces interruptions with a generous dust capacity
- Allows efficient cleaning of larger areas with an extended cable reach
- Simplifies maintenance with an easily replaceable power cable
- Provides convenient, hygienic dust disposal
- Offers versatile cleaning across multiple floor and surface types

Technical Characteristics

- **Brand:** Numatic
- **Model:** PPR170H ProVac
- **Manufacturer SKU:** 912599
- **Vacuum type:** Professional dry vacuum cleaner
- **Colour:** Black
- **Motor power:** 620W
- **Capacity:** 7.2L
- **Filtration:** 3-stage HEPA H13
- **Filter classification:** H13 (EN1822)
- **Power supply:** 230V AC, 50/60Hz
- **Power cable:** 12.5m rewindable
- **Cleaning range:** 31m
- **Suction:** 2300mm H2O
- **Airflow:** 48L/sec
- **Weight:** 8.3kg
- **Dimensions:** 360 x 370 x 390mm
- **Dust collection:** HepaFlo filter bags
- **Cable system:** NuCable replaceable cable
- **Accessories:** ASO professional cleaning kit and stainless steel tube set
- **Application:** Dry vacuuming only

Applications

Ideal for **professional dry vacuuming** in offices, hotels, schools, healthcare facilities and commercial premises. Its **HEPA H13 filtration** makes it suitable for cleaning carpets, hard floors and areas where effective fine dust collection is important.

Property	Value
