Numatic Quick Brushbar Kit Including Cap

Variant code: 16-915358

Numatic Quick Brushbar Kit is a **genuine replacement brush roll assembly** designed specifically for the **Numatic Quick Battery Powered Stick Vacuum Cleaner**. Supplied complete with a replacement cap, this kit helps maintain optimum cleaning performance by ensuring effective agitation and debris collection across a variety of floor surfaces.

The brushbar plays a vital role in the cleaning performance of the Numatic Quick, working alongside the powered floor head to loosen dirt, dust, pet hair and debris from carpets and hard floors. By maintaining effective brush rotation and surface contact, the brushbar helps maximise pick-up performance and supports consistent cleaning results throughout the vacuum's operating life.

Manufactured to Numatic's high standards, this genuine replacement kit provides seamless compatibility and reliable operation. The included cap ensures correct installation and secure fitment within the floor tool assembly, helping maintain the performance and durability of the vacuum cleaner.

Ideal as a replacement for worn or damaged brushbars, the kit allows users to restore cleaning efficiency quickly and easily without replacing the entire floor head. Its durable construction is designed to withstand regular use in both commercial and domestic cleaning environments.

Product Features

- Genuine Numatic replacement brushbar kit
- Designed for the Numatic Quick Vacuum Cleaner
- Complete with replacement end cap
- Supports powered floor head performance
- Effective dirt and debris agitation
- Suitable for carpets and hard floors
