

Numatic Servo-X NX1001 Laundry Trolley – 100L

Variant code: 14-718067

Numatic Servo-X NX1001 Laundry Trolley – 100L: Space-Saving Professional Linen Management

Introducing the **Numatic Servo-X NX1001 Laundry Trolley**, the ultimate **space-saving solution** for efficient and professional linen management. Part of the innovative Servo-X range, this trolley is engineered with a **super strong construction** to provide a compact yet high-capacity answer to laundry handling in environments where space is a critical concern, such as hotels, nursing homes, and commercial cleaning operations.

Big in use, small in storage, the NX1001 trolley features an ingenious **X-Fold design** that allows it to quickly and easily fold flat for **compact storage** when not in use. This makes it an invaluable asset for busy locations where floor space is at an absolute premium.

The trolley comes complete with a durable, **100L washable linen bag**, offering versatile convenience for a variety of applications. Handling dirty linen is streamlined and secure thanks to the **integrated laundry bag closure system** and robust **drag handles**, ensuring **safe transit** and adherence to professional hygiene standards. The bag is also designed for **no-hassle removal**, simplifying the changeover process.

Designed for **Total Uniformity**, the Servo-X range uses bag sizes compatible with existing Numatic NuKeeper and NuBag systems, allowing for a fully integrated and **professional approach to system planning** across your organisation.

Key Features and Benefits:

- **Model:** Numatic Servo-X NX1001 **Capacity:** 100 Litres (Linen Bag)
- **Space-Saving Design: Compact Design** with an **X-Fold** frame, offering maximum capacity while **folding flat for compact storage**. Perfect where space is at a premium.
