Numatic SM1705 Servo-Matic Trolley - Complete with Red/Blue Handled Hand Bucket

Variant code: 14-SM1705

Maximise your cleaning efficiency and sustainability with the **Numatic SM1705 Servo-Matic Trolley**, the ultimate professional workstation for modern janitorial demands. Designed for high-performance environments like healthcare, education, and commercial offices, this midi-sized trolley combines a compact footprint with expansive storage and waste capacity.

Key Features & Benefits

- **Eco-Friendly ReFlo Technology:** Engineered from high-quality recycled plastic, the SM1705 is a leader in sustainable cleaning. It is **SCS Recycled Content Certified**, making it an ideal choice for businesses committed to ESG (Environmental, Social, and Governance) goals.
- **Heavy-Duty Structofoam Construction:** Built to withstand the rigors of daily commercial use, the unique **Structofoam** base is chemical-resistant, dent-proof, and exceptionally easy to clean.
- **Advanced Infection Control:** Includes **Red and Blue handled hand buckets** (2 x 10L swing pails). Industry-standard colour coding helps prevent cross-contamination between high-risk and general cleaning areas.
- **Generous 120L Waste Capacity:** Features a fully lidded waste facility that accommodates a 120L bag (or 2 x 70L bags), ensuring discrete and hygienic waste collection in professional settings.
- **Ergonomic Storage:** Includes an easy-access storage drawer and open shelf options, allowing janitorial staff to keep chemicals, cloths, and tools organised and within reach.

Why Choose the Numatic SM1705?

The **Numatic SM1705** is more than just a cart; it's a configurable cleaning system. Its modular design allows you to add optional mop kits (like the Vertical Press or SpeedClean Wide Press) to tailor the trolley to your specific workflow. Whether you are managing a hospital ward or a busy school corridor, the SM1705 provides a professional, "enclosed" look that keeps cleaning supplies out of public sight while maximizing operator productivity.
