

Numatic Transport Trolley for 440NX

Variant code: 16-914088

Revolutionise Your Cleaning Operations with the Numatic 440NX Transport Trolley

For contract cleaners and cleaning businesses, efficiency, productivity, and professionalism are paramount. The Numatic Transport Trolley for 440NX is the ultimate solution, designed to streamline your cleaning process and elevate your service standards. This robust and versatile trolley is more than just a cart; it's a mobile workstation engineered to maximise the performance of your Numatic 440NX cordless scrubber dryer.

Key Features & Benefits:

- Integrated 440NX Scrubber Dryer Bracket:** The standout feature of this trolley is the purpose-built bracket that securely holds your Numatic 440NX scrubber dryer. This allows you to effortlessly transport your floor care machine and all your essential cleaning supplies in a single, organised unit, eliminating time-wasting trips back and forth to the janitor's closet.
- Massive Storage Capacity:** Say goodbye to juggling multiple items. This trolley boasts a huge 120L waste bag capacity (or 2 x 70L dual collectors), a convenient pull-out storage drawer, and a top storage tray. It provides ample space for storing everything from cleaning chemicals and cloths to mop heads and additional batteries, ensuring you have everything you need at your fingertips.
- Engineered for Durability & Sustainability:** Built with Numatic's innovative ReFlo Technology, this trolley is made from at least 50% high-quality recycled plastic. This commitment to sustainability doesn't compromise on strength; the trolley's Structofoam construction makes it incredibly tough, durable, and resistant to chemicals, while still being lightweight and easy to maneuver.
- Enhanced Maneuverability and Protection:** Equipped with heavy-duty,

non-marking castor wheels, the trolley glides smoothly across various floor types. Protective rotating corner buffers safeguard walls and doors from accidental damage, a crucial feature for professional cleaning in high-traffic or public areas like hospitals, schools, and offices.

- **Optimised Workflow and Productivity:** By consolidating all your equipment, the Numatic Transport Trolley drastically reduces cleaning time and labour costs. Its ergonomic design and easy-to-access compartments promote a more systematic and efficient approach to cleaning, helping your team work smarter, not harder.

Who Can Benefit from the Numatic 440NX Transport Trolley?

- **Contract Cleaners & Janitorial Services:** Increase jobsite efficiency, reduce setup time, and maintain a professional appearance with a single, comprehensive cleaning station.
- **Facility Management:** Equip your in-house cleaning staff with a powerful tool that simplifies daily cleaning tasks in a variety of environments, from retail spaces and warehouses to offices and educational institutions.
- **Healthcare & Medical Facilities:** The trolley's robust design and ample storage for colour-coded buckets (available in some configurations) support infection control protocols and help maintain the highest standards of hygiene.
- **Hospitality & Leisure:** Keep hotel lobbies, restaurant floors, and public areas pristine with a trolley that allows for fast, efficient, and discreet cleaning, minimising disruption to guests.

The Numatic Transport Trolley for 440NX is an investment in your business's success. It's the smart, sustainable, and highly effective way to transport your equipment, simplify your operations, and deliver superior cleaning results every time.
