Numatic TRM240 - 9L M-Class Tub Vacuum Cleaner with Tool Kit - 240V

Variant code: 16-TRM240

Numatic TRM240 M-Class Tub Vacuum Cleaner is a professional high-filtration dust extraction vacuum cleaner engineered to deliver reliable M-Class compliant cleaning performance for construction, workshop and industrial environments. Designed as an effective and affordable solution for maintaining site compliance, the TRM240 combines advanced filtration, robust durability and powerful suction performance to safely manage hazardous dust particles.

Built specifically for medium-risk dust applications, the TRM240 is M-Class rated and equipped with an advanced long-life washable HEPA filtration system that captures 99.995% of particles down to 0.3 microns. This helps significantly reduce exposure to hazardous airborne dusts including silica, masonry, hardwood, paint, ceramic and plastic dust commonly found on construction and trade sites. Numatic's patented AirFlo technology delivers exceptional airflow and cleaning efficiency while maintaining powerful suction performance throughout demanding professional applications.

Compact, durable and easy to transport, the TRM240 features a robust commercial-grade design with a proven long-life 620W motor for dependable site performance. Its manageable size improves manoeuvrability between vans, workshops and job sites, while the included stainless steel tool kit provides versatile cleaning capability straight out of the box. Designed for professional tradespeople and contractors, the TRM240 offers reliable M-Class dust extraction at excellent value.

Product Features

- **Professional M-Class tub vacuum cleaner**
- M-Class compliant HEPA filtration system
- 99.995% filtration efficiency at 0.3 microns
- Long-life washable HEPA filter
- Powerful 620W motor with AirFlo

technology
- Compact and durable site-ready construction
- Supplied with stainless steel tool kit
- **Designed for hazardous medium-risk dust applications**

Product Benefits

- Supports M-Class site compliance requirements
- Reduces exposure to hazardous airborne dust particles
- Advanced HEPA filtration improves workplace safety
- Compact design improves transport and manoeuvrability
- Long-life washable filter reduces maintenance costs
- Durable construction withstands demanding site use
- Powerful AirFlo technology delivers efficient cleaning performance

Technical Characteristics

- **M-Class compliant dust extraction system**
- 9 litre dust collection capacity
- 99.995% HEPA filtration at 0.3 microns
- Long-life washable HEPA filter technology
- 620W professional motor system
- Patented AirFlo airflow technology
- Stainless steel professional tool kit included
- **Voltage: 240V**

Applications

Numatic TRM240 M-Class Tub Vacuum Cleaner is ideal for construction sites, workshops, joinery shops, contractors, maintenance teams, industrial facilities and professional tradespeople requiring reliable M-Class compliant dust extraction and dry vacuum cleaning performance.

Property	Value
Length (mm)	360
Vacuum Motor Wattage (W)	620
Capacity (L)	9
