

Numatic Vacuum Motor Kit – For 244NX Compact Scrubber Dryer

Variant code: 16-913992

Numatic Vacuum Motor Kit is a **genuine replacement vacuum motor assembly** designed specifically for the **Numatic 244NX Compact Scrubber Dryer**. Engineered to restore powerful suction performance, this replacement motor kit ensures efficient dirty water recovery, helping leave hard floors clean, dry and safe after every cleaning pass.

Designed as a direct replacement for the original vacuum motor, the kit provides dependable performance and reliable airflow to maximise water recovery efficiency. Replacing a worn or faulty vacuum motor helps restore the scrubber dryer's suction capability, reducing residual water, improving drying performance and maintaining the machine's overall cleaning efficiency.

Manufactured from high-quality components for long-lasting durability, the vacuum motor kit is built to withstand the demands of daily commercial cleaning. It installs quickly and easily, minimising maintenance time and reducing machine downtime while helping extend the service life of your Numatic 244NX compact scrubber dryer.

Ideal for routine servicing and repairs, this genuine replacement vacuum motor kit helps maintain optimum machine performance and professional cleaning results.
