

Numatic X-Tract Wand Accessory Kit – To Suit CT Range

Variant code: 16-919140

Numatic X-tract Wand Accessory Kit is a versatile professional cleaning tool designed to **clean, scrub and dry hard-to-reach areas** that conventional scrubber dryers or traditional mopping systems may struggle to clean effectively. Designed for use with compatible **Numatic CT extraction machines**, the X-tract Wand is ideal for tackling **corners, edges, confined spaces and areas around awkward obstacles**.

The X-tract system enables operators to **spray, scrub and extract**, providing an effective solution for detailed cleaning while helping leave floors **clean, dry and safe**. Its compact design allows the tool to reach areas that larger cleaning machines cannot access, helping provide a more complete clean across professional and commercial environments.

Suitable for use on both **hard floors and carpets**, the X-tract system offers excellent versatility for everyday cleaning. When equipped with the appropriate carpet accessories, it can be used to **tackle spills and soiled carpet areas before they become stains**. Its low-cost, mechanical-free design provides a practical way to extend the cleaning capabilities of compatible Numatic extraction machines.

Product Features

- Professional spray, scrub and extraction cleaning accessory
- Designed to **clean, scrub and dry hard-to-reach areas**
- Ideal for **corners, edges, confined areas and awkward obstacles**
- **Fits into areas where conventional scrubber dryers cannot reach**
- Suitable for use on **hard floors and carpets**
