OdorX Bad Odor Block - Cherry - Box of 25

Variant code: 09-ODORX

OdorX Bad Odour Block is a professional **long-lasting solid deodoriser** designed to suppress unpleasant odours in a wide range of indoor environments. Featuring a distinctive **Cherry fragrance**, this convenient, ready-to-use block provides continuous fragrance release without the need for spraying, mixing or electrical equipment. Its compact design makes it suitable for **property restoration, carpet drying, ventilation systems, vehicles and enclosed spaces** where ongoing odour control is required.

Manufactured from a **natural, fibrous wicking material**, each block absorbs and gradually releases its deodorising ingredients into the surrounding air. The highly absorbent structure holds **more than three times its own weight in active ingredients**, helping deliver effective, extended fragrance performance. Depending on placement, ventilation and environmental conditions, a single block can provide **odour control for several months**. The fragrance begins to disperse when the sealed packaging is opened, and the exposed area can be adjusted to control the intensity of fragrance release.

Designed for **simple, set-and-forget odour management**, the block can be positioned in suitable ventilation ducts, air-moving equipment, vehicles, boats and other areas affected by persistent unpleasant smells. It can also be used near the **air intake of carpet drying equipment** to help suppress wet carpet odours during the drying process. For controlled fragrance delivery, the block may be left inside its packaging with a small opening to regulate the release rate. Supplied in a **box of 25 Cherry fragranced blocks**, it provides a practical solution for professional cleaning, property restoration and facilities maintenance.

Product Features

- **Cherry fragrance** provides a distinctive, pleasant fruity scent
- **Long-lasting deodorising performance** helps suppress unpleasant odours
- **Natural fibrous wicking block** gradually releases fragrance into the surrounding air

drying takes place
- **Compact size** makes positioning and storage convenient
- **Simple set-and-forget application** reduces routine maintenance requirements
- **Box of 25** provides a practical supply for multiple rooms, vehicles or restoration projects

Technical Characteristics

- **Product Range:** OdorX Bad Odour Block
- **Product Type:** Solid Deodorising Block
- **Fragrance:** Cherry
- **Primary Function:** Odour Suppression and Air Freshening
- **Physical Form:** Ready-to-Use Wicking Block
- **Appearance:** Brown Fibrous Block
- **Wicking Material:** Natural Fibrous Material
- **Fragrance Delivery:** Passive Release
- **Active Ingredient Capacity:** More Than Three Times the Block's Own Weight
- **Performance Duration:** Potentially Several Months, Depending on Application
- **Fragrance Activation:** Opening the Sealed Packaging
- **Fragrance Control:** Adjustable Packaging Opening
- **Dilution:** Not Required
- **Power Source:** None Required
- **Suitable Application:** Ventilation Ducts
- **Suitable Application:** Air Movers
- **Suitable Application:** Carpet Dryer Air Intakes
- **Suitable Application:** Vehicles and Boats
- **Suitable Application:** Appropriate Enclosed Indoor Spaces
- **Individual Block Dimensions:** Approximately 7 x 9.4 x 1.3cm
- **Approximate Individual Weight:** 28g
- **Cherry Fragrance Flash Point:** Approximately 56.6°C
- **Installation Method:** Position in a Suitable, Secure Location
- **Packaging:** Individually Sealed Blocks
- **Pack Quantity:** 25 Blocks
- **Packaging Format:** Box of 25
- **Intended Use:** Professional Odour Control and Property Restoration
- **Storage:** Keep Sealed in a Cool, Well-Ventilated Area Away from Ignition Sources
