

Clinical Waste Sacks – Medium Duty – 5Kg – Orange – Case of 500/20L

Variant code: 18-CWMD2

Ensure Safe and Compliant Clinical Waste Disposal with Our Medium Duty Orange Waste Sacks

Effectively and safely manage clinical waste with our high-quality **Medium Duty Clinical Waste Sacks**. Designed for healthcare facilities, laboratories, dental practices, veterinary clinics, and any environment producing potentially hazardous waste, these vibrant **orange waste bags** provide a clear visual indicator for proper segregation and disposal.

This convenient **case of 500 clinical waste bags** ensures you have a reliable and cost-effective supply for your waste management needs. Each sack has a generous **20-litre capacity** and is built to withstand up to **5kg** of waste, offering a robust solution for everyday clinical waste disposal.

Key Features and Benefits:

- **Highly Visible Orange Colour:** The distinctive **orange** colour ensures easy identification of clinical waste, promoting correct segregation and adherence to safety regulations.
- **Medium Duty Strength:** Constructed from durable polyethylene, these **medium duty waste sacks** offer excellent tear and puncture resistance, providing reliable containment for various types of clinical waste.
- **Optimal 20-Litre Capacity:** The **20L capacity** is ideal for a range of waste disposal needs within clinical settings, balancing capacity with manageability.
- **Convenient Case of 500:** This bulk **case of 500 sacks** offers a cost-effective and long-lasting solution, reducing the frequency of reordering and ensuring you always have an adequate supply.
- **5kg Weight Capacity:** Each bag is rigorously tested to safely hold up to **5 kilograms** of waste when properly sealed, providing assurance and preventing accidental tears due to overloading.
- **Suitable for Soft Clinical Waste:** These

orange clinical waste bags are specifically designed for the disposal of non-sharp, soft clinical waste such as soiled dressings, swabs, wipes, gloves, masks, and other items contaminated with bodily fluids (in accordance with local regulations).

- **Promotes Hygiene and Safety:** Using designated **clinical waste sacks** helps maintain a clean and safe environment for both staff and patients, minimising the risk of cross-contamination.
- **Easy to Use and Seal:** The open-top design allows for easy filling, and the material is suitable for secure sealing with appropriate bag ties or tape (not included).
- **Compliant Waste Management:** Utilising these **orange sacks** assists your facility in complying with healthcare waste regulations and best practices for the safe disposal of potentially infectious materials.

Ideal For:

- Hospitals and Medical Centres
- General Practitioner (GP) Surgeries
- Dental Clinics
- Veterinary Practices
- Laboratories and Research Facilities
- Nursing Homes and Care Homes
- Healthcare Professionals
- Tattoo and Piercing Studios
- Any environment producing clinical or medical waste

Invest in the safety and efficiency of your waste management system with our reliable **Medium Duty Orange Clinical Waste Sacks**. Order your **case of 500 (20L capacity)** today!
