P-Wave Curve Air Freshener Holder - Pack of 30

Variant code: 05-105233W

P-Wave Curve Air Freshener Holder is a **discreet and practical mounting accessory** designed to securely hold compatible P-Wave Curve air freshener refills. Ideal for maintaining a fresh and welcoming atmosphere in commercial and domestic environments, the holder allows air fresheners to be positioned conveniently on suitable hard surfaces, including **doors, bins and other discreet locations**.

Featuring a **compact, curved design**, the holder provides a secure fit for P-Wave Curve refills while allowing fragrance to disperse naturally through surrounding air movement. Its **durable EVA construction** offers a lightweight and practical solution for regular use, while the recyclable material supports more environmentally considerate air care. For the best fragrance performance, position the holder in an area with **good airflow**.

Designed for **simple installation and convenient refill replacement**, the holder can be fixed to a suitable flat surface before sliding the P-Wave Curve refill into position. Compatible refills are available separately in a selection of fragrances and provide **up to 30 days of freshness with coverage of up to 12m²**, depending on environmental conditions. Supplied in a **pack of 30 holders**, this bulk format is ideal for equipping multiple washrooms, offices and other shared facilities.

Product Features

- **Purpose-designed air freshener holder** for P-Wave Curve refills
- **Secure refill placement** helps keep compatible air fresheners correctly positioned
- **Discreet curved design** provides a neat and unobtrusive appearance
- **Lightweight EVA construction** for convenient handling and installation
- **Recyclable material** where suitable recycling facilities exist
- **Simple installation** onto compatible flat surfaces
- **Easy refill replacement** with a slide-on
