P-Wave Curve Air Freshener - Pack of 10 - Mango

Variant code: 05-105235M

P-Wave Curve Air Freshener is a **long-lasting passive air freshener** designed to deliver continuous fragrance in washrooms, offices and other indoor environments. Featuring a vibrant **Mango fragrance**, it releases a sweet, tropical scent that helps keep shared spaces smelling fresh and welcoming. Its compact, curved design allows discreet placement without taking up valuable space.

Using advanced **dry fragrance technology**, the air freshener gradually releases fragrance through natural air movement, without the need for **batteries, aerosols, propellants or solvents**. Each air freshener provides **up to 30 days of fragrance** with coverage of up to **12m²**, depending on environmental conditions. Manufactured from recyclable EVA material containing up to 15% recycled content, it offers a convenient alternative to traditional aerosol air fresheners.

Designed for **simple installation and convenient replacement**, the air freshener can be positioned on suitable hard surfaces, including the backs of doors, inside bins or underneath desks. Secure the supplied **P-Wave Curve holder** to a flat surface, slide the fragrance refill into position and place it in an area with good airflow. Removable date tabs help indicate when replacement is due. Supplied in a **pack of 10 Mango air fresheners**, with five Curve holders included, it provides a practical solution for maintaining freshness across multiple locations.
