

P-Wave Eco Air Freshener Cabinet – White

Variant code: 05-105239W

P-Wave Eco Air Freshener Cabinet – White: Sustainable & Stylish Odour Control

Elevate your restroom hygiene and ambiance with the **P-Wave Eco Air Freshener Cabinet** in a clean and versatile **white** finish. This **modern** and **discreet air freshener dispenser** is the perfect **eco-friendly solution** for maintaining a consistently **fresh-smelling environment** in a variety of settings, from **commercial restrooms** and **offices** to **healthcare facilities, schools,** and even high-traffic **public spaces**.

Crafted with **durability** and **sustainability** in mind, this **high-quality air freshener cabinet** is designed to work seamlessly with P-Wave's range of **long-lasting, VOC-exempt** air freshener refills. By utilising **passive diffusion technology**, it provides a **continuous and consistent fragrance release** without the need for batteries or propellants, making it an **energy-efficient** and **environmentally responsible choice**.¹

Key Features & Benefits:

- **Eco-Friendly Design:** This cabinet supports P-Wave's **sustainable air freshener refills**, which are **VOC compliant** and contribute to a greener environment.
- **Passive & Continuous Fragrance:** Enjoy **reliable and consistent odour control** 24/7 without the noise or energy consumption of battery-operated units.
- **Stylish and Discreet:** The **sleek white design** blends seamlessly with any décor, offering an **unobtrusive yet professional look**.
- **Durable Construction:** Made from **robust materials**, this cabinet is built to withstand the demands of high-traffic areas, ensuring **long-term performance**.
- **Easy to Install and Maintain:** The **user-friendly design** allows for **quick and simple installation** and effortless refill replacement, saving time and effort.
- **Versatile Application:** Ideal for **restrooms, washrooms, lobbies,**

meeting rooms, care homes, restaurants, and any space requiring effective odour neutralisation and a pleasant scent.

- **Cost-Effective Air Freshening:** Eliminate the need for frequent aerosol sprays, offering a more **economical and sustainable air care solution.**
- **Enhances Hygiene:** By continuously freshening the air, it contributes to a cleaner and more pleasant perception of hygiene for users.
- **Professional Air Care:** Project a positive image for your business or organisation with a consistently fresh and welcoming atmosphere.

Invest in the **P-Wave Eco Air Freshener Cabinet – White** today and experience a **reliable, sustainable, and stylish** way to maintain a consistently fresh and inviting environment. Order yours now and enjoy the benefits of **superior odour control** and **eco-conscious design!**
