P-Wave Curve Air Freshener - Pack of 10 - Cotton Blossom

Variant code: 05-105235C

P-Wave Curve Air Freshener is a **long-lasting passive air freshener** designed to provide continuous fragrance in washrooms, offices and other indoor environments. Featuring a fresh and delicate **Cotton Blossom fragrance**, it creates a clean, airy scent reminiscent of freshly laundered linen, helping maintain a pleasant and welcoming atmosphere for staff, visitors and customers.

Using advanced **dry fragrance technology**, the air freshener gradually releases fragrance through natural air movement without the need for **batteries, aerosols, propellants or solvents**. Each refill provides **up to 30 days of freshness** and fragrance coverage of up to **12m²**, depending on environmental conditions. Manufactured from recyclable EVA material containing up to 15% recycled content, it provides a convenient alternative to conventional aerosol air fresheners.

Designed for use with the **P-Wave Curve Air Freshener Holder**, the refill can be positioned discreetly on suitable hard surfaces, including the backs of doors, inside bins or underneath desks. Simply secure the compatible holder, slide the fragrance refill into position and place it in an area with good airflow for effective fragrance dispersal. Removable date tabs help indicate when replacement is due. Supplied in a **pack of 10 Cotton Blossom air fresheners**, it is a practical solution for maintaining freshness across multiple locations.
