T-Screen® Trough Deodoriser - Citrus Mango - Pack of 6

Variant code: 05-517

T-Screen® Trough Urinal Deodoriser is a professional fragranced urinal screen designed to deliver **long-lasting freshness, splash reduction and debris protection** in commercial and public washrooms. Featuring a refreshing **Citrus Mango fragrance**, it combines fruity mango and citrus notes to help create a pleasant and welcoming environment. Specifically developed for **trough-style urinals**, its flexible construction and interlocking design provide a practical solution for maintaining freshness across urinal troughs of varying lengths.

Featuring an innovative **deep bubble and bristle design**, the screen helps minimise urine splashback while allowing liquid to drain through its open structure. The **flexible EVA lattice core** is formed from interlacing strips that create a strong yet adaptable screen, allowing it to sit comfortably inside the urinal trough. Its dual-texture surface also helps capture debris before it enters drainage outlets, reducing the risk of blockages. Each screen delivers **up to 30 days of controlled fragrance release**, supporting consistent washroom freshness between routine maintenance visits.

Designed for **easy installation and straightforward servicing**, the screen features a **smart interlocking system** that allows multiple screens to be connected together for extended trough coverage. A **slightly raised grip pad** along the edge makes the screen easier to lift and replace during cleaning. Manufactured from **recyclable EVA material**, it offers a durable and flexible alternative to more rigid urinal screens. Supplied in a **pack of 6 Citrus Mango trough urinal screens**, it provides a convenient solution for maintaining multiple installations or scheduled replacement cycles.

Product Features

- **Citrus Mango fragrance** provides a refreshing fruity and citrus scent
- **Long-lasting fragrance** delivers up to 30 days of freshness per screen
- **Specifically designed for trough urinals** and extended urinal channels

cleaning visits
- **Tool-free installation** reduces the time required for washroom servicing
- **Recyclable construction** supports responsible disposal where facilities exist
- **Adaptable screen arrangement** accommodates different trough lengths
- **Pack of 6** provides a practical supply for high-traffic washroom maintenance

Technical Characteristics

- **Product Range:** T-Screen®
- **Product Type:** Fragranced Trough Urinal Screen
- **Fragrance:** Citrus Mango
- **Fragrance Profile:** Fruity, Citrus and Tropical
- **Primary Function:** Urinal Deodorising, Splash Reduction and Debris Protection
- **Urinal Type:** Trough-Style Urinals
- **Screen Design:** Deep Bubble and Bristle Structure
- **Core Construction:** Flexible Interlacing EVA Lattice
- **Surface Texture:** Dual-Texture Bubble and Bristle Design
- **Anti-Splash Function:** Yes
- **Debris-Catching Function:** Yes
- **Drainage Design:** Open Structure Allowing Liquid Flow
- **Interlocking Design:** Yes
- **Expandable Coverage:** Multiple Screens Can Be Connected
- **Removal Feature:** Slightly Raised Edge Grip Pad
- **Fragrance Duration:** Up to 30 Days
- **Fragrance Release:** Controlled
- **Material:** EVA (Ethylene Vinyl Acetate Copolymer)
- **Material Properties:** Flexible and Durable
- **Recyclability:** Recyclable Where Suitable Facilities Exist
- **Dimensions:** 336 x 118 x 16mm
- **Length:** 336mm
- **Width:** 118mm
- **Depth:** 16mm
- **Installation Method:** Place Directly Inside Trough Urinal
- **Installation Tools Required:** None
- **Recommended Replacement:** Approximately Every 30 Days
- **Suitable Locations:** Commercial and Public Washrooms
- **Intended Use:** Trough Urinal Fragrance, Splash Reduction and Drain Protection
