

T-Screen® Trough Deodoriser – Citrus Mango – Pack of 6

Variant code: 05-517

T-Screen® urinal screens are a 30-day fragrance solution for urinal troughs. With a deep bubble and bristle design, the trough screen prevents splash back and drain blockages.

Interlacing strips of EVA material form a strong lattice, making the recyclable T-Screen® less rigid than other screens. The smart interlocking design makes it suitable for any length of urinal trough.

Features

- High quality and strong fragrance for up to 30 days.
- Flexible EVA lattice core to sit comfortably in any urinal trough. Recyclable trough screen.
- Unique bubble design to allow for water drainage. The urinal screen helps prevent blockages in urinal troughs.
- Easy to service – a slightly raised grip pad included on the edge.
