Pacvac Long Flexi Crevice Tool

Variant code: 16-ACC008

Pacvac Long Flexi Crevice Tool is a genuine **32mm flexible vacuum accessory** designed to reach narrow gaps, awkward spaces and difficult-to-access areas with ease. Its flexible design allows the tool to bend around obstacles, making it ideal for cleaning between furniture, behind appliances and other confined spaces where standard crevice tools cannot reach.

Manufactured from durable, high-quality plastic, this genuine Pacvac accessory is built to withstand regular commercial cleaning while maintaining excellent airflow and suction performance. The **32mm connection** ensures secure compatibility with Pacvac vacuum cleaners and other machines using standard 32mm fittings.

Lightweight, flexible and easy to use, the Long Flexi Crevice Tool enhances the versatility of your vacuum cleaner, allowing operators to achieve a more thorough clean in challenging areas while reducing the need to move heavy furniture or equipment.
