Pacvac Velo Mains Powered Backpack Vacuum Cleaner - inc 5 Dust Bags

Variant code: 16-VELOM

Pacvac Velo Corded Backpack Vacuum Cleaner is a lightweight, high-performance backpack vacuum designed to deliver powerful and efficient cleaning across domestic, commercial and contract cleaning environments. Combining ergonomic comfort with impressive suction performance, the Velo is compact enough for everyday maintenance cleaning while powerful enough to tackle demanding large-scale cleaning tasks.

Powered by a reliable 900W motor and weighing just 3.9kg, the Pacvac Velo offers the ideal balance of cleaning power and user comfort. Its ergonomic Eco Harness provides a customised fit that evenly distributes weight across the operator's body, reducing fatigue during prolonged cleaning sessions. The extended 18-metre mains power cable allows excellent coverage of large areas with fewer interruptions, helping maximise productivity in offices, schools, hospitality venues and commercial buildings.

Designed with advanced air quality and performance in mind, the Velo features a comprehensive 4-stage filtration system including an H13 pre-motor filter that helps capture fine dust particles while improving indoor air quality. The open disposable dust bag system maintains strong suction performance even as the bag fills, ensuring consistent cleaning results throughout operation. Supplied with 5 disposable dust bags, the Pacvac Velo is ready for professional use straight out of the box.
