# Plug In Moments Refill - Sweet Orchid

**Variant code: 06-432708**

**Plug-In Moments Sweet Orchid Refill** is a long-lasting **electric air freshener refill** designed to fill indoor spaces with a sweet, floral fragrance. Featuring the delicate scent of **Sweet Orchid**, it creates a warm, calming and welcoming atmosphere while helping to reduce the impact of everyday household odours.

Designed for use with the **Plug-In Moments Air Freshener Unit**, the refill continuously releases fragrance throughout the day and night. When used with the compatible plug-in dispenser, the **adjustable fragrance intensity control** allows users to customise the scent strength to suit their room size and personal preferences.

Each **17ml fragrance refill** provides up to **100 days of freshness**, depending on the selected intensity setting and operating conditions. Ideal for homes, offices and other indoor spaces, the replaceable refill offers a convenient way to maintain a pleasant fragrance without regular manual spraying.

## Product Features

- **Sweet Orchid fragrance** provides a warm, sweet and calming floral scent.
- **17ml fragrance refill** designed for compatible electric plug-in air freshener units.
- **Up to 100 days of freshness** depending on usage and fragrance intensity settings.
- **Continuous fragrance release** helps maintain a pleasant atmosphere throughout the day and night.
- **Adjustable fragrance intensity** when used with a compatible Airpure Plug-In Moments unit.
- **Helps combat everyday odours** by releasing a pleasant fragrance into the surrounding area.
- **Easy replacement** allows convenient replenishment of the fragrance supply.
- **Compact refill design** suitable for discreet plug-in air freshening.
- **Compatible with Airpure Plug-In Moments units** for reliable fragrance dispensing.

- **Intensity Control:** Adjustable via Compatible Dispenser
- **Compatibility:** Airpure Plug-In Moments Air Freshener Unit
- **Pack Quantity:** 1 Refill
- **Dispenser Included:** No
- **Application:** Indoor Air Freshening

## Applications

**Area of Use:** Ideal for **living rooms, bedrooms, hallways, offices, reception areas, communal spaces and other indoor environments** where a pleasant, continuous floral fragrance is desired.

**How to Use:** Disconnect the compatible **Airpure Plug-In Moments unit** from the electrical socket before installing the refill. Remove the refill cap according to the packaging instructions and secure the **17ml Sweet Orchid refill** into the unit. Plug the assembled dispenser into a suitable socket in the required upright position and adjust the fragrance intensity to the desired setting.

**Application Considerations:** Designed specifically

for use with compatible **Airpure Plug-In Moments dispensers**. Fragrance duration will vary depending on the intensity setting, room conditions and usage. Use only compatible refills and avoid positioning the unit near curtains, fabrics or heat-sensitive surfaces. The plug-in dispenser is sold separately.

**Safety:** Follow the instructions on the product packaging and compatible dispenser. Keep the refill away from children and pets. Avoid direct contact with fragrance liquid, which may cause skin or eye irritation or sensitivity. Disconnect the unit from the electrical supply before replacing the refill. Do not use damaged refills or dispensing units.
