

## Raphael Alcohol Free Hand Sanitiser – Case of 6x1L Cartridges

Variant code: 10-SOSANRA

### Raphael Alcohol-Free Hand Sanitiser

Discover the future of hand hygiene with Raphael Alcohol-Free Hand Sanitiser. This advanced, powerful formula is designed to deliver superior germ protection without the harsh, drying effects of alcohol. Perfect for a wide range of environments, this case of 6 x 1L cartridges offers an economical, efficient, and gentle solution for maintaining a safe and healthy space.

#### Key Features & Benefits: Why Choose Raphael?

- 100% Alcohol-Free Formula:** Our innovative, non-flammable formula is the perfect alternative for sensitive skin, children's areas, and alcohol-restricted environments. Say goodbye to cracked, dry hands and hello to a soft, hydrated feel.
- Powerful, Effective Germ Protection:** Don't let the gentle formula fool you. Raphael sanitiser is proven to kill 99.9% of common germs and bacteria, providing robust, long-lasting protection with every use. Our active ingredient, Benzalkonium Chloride, offers persistent antimicrobial action, ensuring your hands stay clean for longer.
- Convenient & Economical:** This bulk case contains six 1-litre cartridges, ensuring a continuous supply for high-traffic areas like offices, schools, hospitals, retail stores, and public facilities. The quick-to-install cartridges minimise waste and make refilling a breeze.
- Pleasant & Refreshing Experience:** Unlike traditional alcohol sanitisers that leave a strong, chemical odour, Raphael offers a clean, neutral scent. The non-sticky, quick-drying foam leaves your hands feeling fresh and residue-free.

- **Eco-Friendly & Safe:** Our non-flammable formulation makes it a safer choice for storage and use. The gentle ingredients are also kind to the environment.

#### **How to Use:**

Simply dispense a small amount of foam onto your hands, rub together briskly, ensuring all surfaces are covered, and allow to dry. No water or towels needed.

#### **Technical Specifications:**
