Raphael Anti Bac Foam Soap - Case of 6 x 1L

Variant code: 10-SOABARA

Raphael Anti Bac Foam Soap is a **professional antibacterial foam hand soap** designed to deliver effective hand hygiene in commercial, healthcare and public washroom environments. Manufactured in the UK, this high-performance foam soap combines proven antimicrobial action with a gentle skin-friendly formulation, making it suitable for frequent daily use in busy facilities.

The antibacterial formulation is designed to **kill 99.9% of germs in 30 seconds**, helping support workplace hygiene programmes and infection control procedures. Compliant with **BS EN 1276** and **BS EN 13727** standards, the soap provides reliable antimicrobial performance while remaining gentle on the skin. Its mild formulation helps maintain skin comfort during repeated use, making it suitable for environments where frequent hand washing is required.

The rich foam lather spreads quickly and evenly across the hands, providing effective coverage while using less product than traditional liquid soaps. The foam rinses away easily, leaving hands feeling clean and refreshed without residue. Designed for convenience, the cartridge system enables **fast, simple and mess-free reloading**, helping reduce maintenance time and improve washroom efficiency.

Supplied in a **case of 6 x 1L cartridges**, Raphael Anti Bac Foam Soap offers a practical and economical solution for organisations seeking dependable hand hygiene products with proven antibacterial performance.
