Raphael Manual Soap Dispenser - Blue

Variant code: 28-MSDBLURA

Raphael Manual Soap Dispenser is a **professional wall-mounted foam soap dispenser** designed to provide hygienic, controlled soap dispensing in commercial washrooms. Its manually operated push mechanism delivers a **controlled and generous shot of foam soap**, encouraging single-use dispensing while helping reduce unnecessary soap consumption.

Designed for use with **compatible Raphael sealed soap and sanitiser cartridges**, the dispenser features a new nozzle with every replacement cartridge, helping minimise areas where bacteria can accumulate. The closed cartridge system allows quick, straightforward replenishment without the mess or risk of spillage associated with traditional bulk-fill dispensers.

Featuring a **translucent housing for at-a-glance replenishment checks**, the dispenser allows cleaning staff to monitor soap levels without opening the unit. Its lockable design supports secure consumable storage, while simple manual operation makes it suitable for users of all ages and abilities. Available in **Blue, Smoke and White**, it provides a practical solution for professional washroom environments.

Product Features

- **Manual foam soap dispenser** for commercial washrooms
- **Controlled and generous shot size** encourages single-use dispensing
- Helps reduce excessive soap consumption
- **New dispensing nozzle with every cartridge** helps minimise bacterial build-up
- Compatible with specified Raphael sealed soap and sanitiser cartridges
- **Closed cartridge system** enables clean, spill-free replenishment
- Designed for no-drip dispensing to help minimise mess
- **Translucent housing** allows quick visual soap level checks
- Simple manual operation suitable for all ages and abilities

- Quick and straightforward cartridge replacement
- **Lockable dispenser** using the Raphael dispenser key system
- Available in **Blue, Smoke and White**

Product Benefits

- Supports **hygienic handwashing** in shared washrooms
- Controlled dispensing helps reduce soap overuse and consumable costs
- Generous shot size provides a convenient amount of soap per operation
- Replacement nozzle with each cartridge helps reduce hygiene risks associated with repeated use
- Sealed cartridges minimise handling and reduce the risk of spills during replenishment
- No-drip dispensing helps keep washroom surfaces cleaner
- Translucent housing allows staff to check soap levels without opening the dispenser
- Fast cartridge replacement helps reduce washroom maintenance time
- Lockable construction helps prevent unauthorised access to consumables
- Simple operation provides convenient access for users of different ages and abilities
- Three colour options complement different commercial washroom interiors

Technical Characteristics

- **Product range:** Raphael
- **Product type:** Manual foam soap dispenser
- **Dispensing method:** Manual push-operated mechanism
