Raphael Twin Jumbo Dispenser - Blue

Variant code: 28-TJBLURA

Raphael Twin Jumbo Toilet Roll Dispenser is designed for the busiest commercial washrooms, this **high-capacity twin jumbo toilet roll dispenser** provides a reliable and hygienic solution for managing toilet tissue in high-traffic environments. Holding two compatible jumbo toilet rolls with a combined capacity of **up to 800 metres**, it helps maintain paper availability while reducing the frequency of replenishment.

Featuring the innovative **Infinity Paper System**, the dispenser allows only one toilet roll to be used at a time, ensuring the first roll is fully consumed before the second becomes available. This helps **minimise paper waste**, reduce unnecessary roll changes and improve consumable cost efficiency.

The dispenser also incorporates **BioKleen™ treated surfaces** to help inhibit bacterial growth, while its **translucent housing** allows cleaning staff to check paper levels at a glance without opening the unit. Available in **Blue, Smoke and White**, it offers a practical, durable solution for busy commercial washrooms.
