Rectangular Floor Pad - 500x350mm - Pack of 5 - Blue

Variant code: 03-R5035B

The **Rectangular Floor Cleaning Pads - 500 x 350mm** are professional floor maintenance pads designed for use with compatible rectangular floor cleaning machines. These pads are available in **Blue, Black and Red**, providing different levels of cleaning action for routine maintenance, scrubbing and floor finish removal. Their rectangular design makes them suitable for professional floor care operations where a compatible oscillating floor cleaning machine is used.

Each pad measures **500 x 350mm** and is specifically sized to fit the **Excentr OrbiMax 40** floor cleaning machine. The colour-coded options allow operators to select a pad according to the cleaning task. **Black pads** are intended for more aggressive scrubbing and stripping applications, **Blue pads** for general floor cleaning, and **Red pads** for lighter cleaning and buffing. The appropriate grade should be selected according to the floor surface, condition and required cleaning intensity.

Supplied in a convenient **pack of 5 pads**, the rectangular floor pads are suitable for commercial cleaning contractors, facilities management teams and professional floor maintenance operations. Their consistent dimensions and colour-coded grades make them a practical choice for maintaining compatible hard floors in commercial, industrial and public environments.

Product Features

- **Machine Type:** Compatible Rectangular Floor Cleaning Machines
- **Primary Applications:** Floor Cleaning, Scrubbing and Maintenance
- **Additional Applications:** Floor Finish Removal and Buffing, Depending on Pad Grade
- **Pack Quantity:** 5 Pads
- **Packaging:** Pack of 5
- **Available Variants:** 3

Applications

The **Rectangular Floor Cleaning Pads - 500 x 350mm - Pack of 5** are designed for professional floor maintenance in **offices, schools, hospitals, hotels, warehouses, retail premises, shopping centres and commercial buildings**. Specifically sized for the **Excentr OrbiMax 40**, they provide different cleaning options depending on the floor condition and required treatment. Select the **Black pad** for suitable heavy-duty scrubbing and stripping tasks, the **Blue pad** for general floor cleaning, or the **Red pad** for lighter cleaning and buffing applications. The pads should be used with appropriate cleaning methods and solutions where required, following the machine and flooring manufacturers' recommendations to ensure effective cleaning without damaging the floor surface.
