

87Ltr Rubbermaid Slim Jim Recycling – 2 Bin Station (General/Mixed)

Variant code: 14-2129601

Streamline Your Recycling with Our Adaptable, Front-of-House Recycling Station

Looking for a stylish and efficient recycling solution for your business? Our adaptable recycling station offers a clean, professional front-of-house appearance while providing the robust functionality needed for back-of-house operations. This modular system makes it easy to manage your waste streams and boost recycling rates.

Key Features & Benefits:

- **Crystal-Clear Signage:** Promote effective recycling with highly visible, colour-coded signage. These intuitive labels help both staff and customers quickly identify the correct bins, minimising cross-contamination and maximising your recycling efforts.
- **Built to Last:** Crafted from premium-quality resin, this recycling station is designed to withstand the rigours of high-traffic commercial environments, ensuring long-lasting performance and value.
- **Modular Flexibility:** Future-proof your waste management system! Our modular design allows you to easily add or remove bins to accommodate changing waste streams. This adaptable approach saves you money and resources by eliminating the need to replace your entire system.
- **Effortless Liner Changes:** Built-in venting channels make liner removal up to 80% easier, reducing strain on staff and improving efficiency. This innovative design minimises the risk of worker injury and streamlines waste disposal.
- **Quick & Easy Assembly:** No tools required! The components easily click together for fast, straightforward setup, minimising downtime and getting your

recycling program up and running quickly.

Ideal for:

- Offices
- Restaurants
- Retail Stores
- Schools & Universities
- Hotels
- Public Spaces
