

87L Rubbermaid Slim Jim Recycling – 3 Bin Station (General/Mixed/Food)

Variant code: 14-2217670

Looking for a stylish and efficient recycling solution for your business? Our adaptable recycling station offers a professional front-of-house appearance with robust back-of-house functionality. This modular system simplifies waste sorting, boosts recycling rates, and saves you money in the long run.

Key Features & Benefits:

- **Crystal-Clear Signage:** Colour-coded, easy-to-understand signage guides both staff and customers to quickly identify the correct bin, minimising contamination and maximising recycling efficiency. Boost your recycling program's success with clear visual cues.
- **Built to Last:** Crafted from premium-grade resin, our recycling station is designed to endure the rigours of high-traffic commercial environments. Invest in a durable solution that stands the test of time.
- **Modular Flexibility:** Future-proof your waste management strategy. Easily add or reconfigure bins to accommodate new waste streams as your needs evolve. This adaptable design minimises waste, optimises space, and protects your budget.
- **Effortless Liner Changes:** Integrated venting channels make liner removal up to 80% easier, reducing strain on staff and improving operational efficiency. Prioritise safety and streamline your waste disposal process.
- **Quick & Easy Assembly:** Tool-free, click-together components ensure fast and straightforward setup. Get your recycling program up and running in minutes.

Perfect for: Offices, restaurants, schools, shopping centres, and any business committed to sustainable waste management.
