Scott Control - 2 Ply Centrefeed Toilet Tissue - Case of 6

Variant code: 01-8569

Scott Control Centrefeed Toilet Tissue is a professional **2 ply toilet tissue system** designed to support hygiene compliance and contamination control in workplace washrooms. Developed for environments where hygiene standards are critical, the centrefeed dispensing format helps minimise unnecessary contact and reduce the risk of cross-contamination.

The single-sheet dispensing system ensures users only touch the paper they use, helping control consumption, reduce waste and lower operational costs. When paired with compatible touch-free dispensers, the system supports improved hygiene management in busy commercial and healthcare environments. Each roll is designed to last significantly longer between refills, improving servicing efficiency and reducing maintenance time.

Manufactured from **100% recycled fibres**, the tissue is **FSC Certified**, carries the **European Ecolabel** and is designed with reliable flushability and effective paper disintegration to help reduce the risk of toilet blockages.

Product Features

- **2 ply centrefeed toilet tissue** for professional washrooms
- Single-sheet dispensing system for controlled usage
- Helps reduce cross-contamination risks
- Designed for hygiene compliance and contamination control
- Sheets are larger than standard centrefeed tissue systems
- Manufactured from **100% recycled fibres**
- FSC Certified and carries the **European Ecolabel**

Product Benefits

- Supports improved workplace hygiene standards
- Reduces waste and unnecessary paper

consumption
- Helps lower operational and maintenance costs
- Long-lasting rolls reduce refill frequency
- Reliable flushability helps minimise toilet blockages
- Suitable for hygiene-critical environments
- Supports environmentally responsible purchasing policies

Technical Characteristics

- Product type: **Centrefeed toilet tissue**
- Brand: **Scott Control**
- Ply: **2 Ply**
- Material: **100% recycled fibres**
- Certification: **FSC Certified & European Ecolabel**
- Compatible with Scott Control centrefeed dispensers
- Quantity: **6 rolls per case**

Applications

The **Scott Control 2 Ply Centrefeed Toilet Tissue** is suitable for use in **healthcare facilities, laboratories, food preparation areas, offices, schools and commercial washrooms** where hygiene compliance and contamination control are priorities. Its controlled dispensing system and reliable flushability make it particularly suitable for high-traffic and hygiene-sensitive environments seeking to improve washroom efficiency while maintaining high cleanliness standards.
