SkyVac Cartridge Filter - Compatible with SkyVac 75, 78, 85 & Interceptor Vacuums

Variant code: 16-44587

SkyVac Replacement Cartridge Filter is a **high-performance filtration component** designed for use with **SkyVac 75, SkyVac 78, SkyVac 85 and Interceptor gutter cleaning systems**. Engineered to maintain optimum airflow and filtration efficiency, this genuine replacement filter helps keep your vacuum system operating at peak performance.

Keeping your filter in **"box-fresh" condition** is one of the simplest and most effective ways to ensure your SkyVac system continues to deliver maximum suction power and efficient debris collection. Regular filter replacement helps prevent airflow restrictions caused by accumulated dust and fine particles, allowing the vacuum motor to perform more effectively and reducing unnecessary strain on the machine.

Manufactured to SkyVac's exact specifications, the cartridge filter provides excellent dust retention while maintaining strong airflow throughout operation. Its durable construction is designed to withstand the demands of professional gutter cleaning and high-reach vacuuming applications.

Product Features

- **Genuine SkyVac replacement cartridge filter**
- Compatible with **SkyVac 75, 78, 85 and Interceptor**
- High-efficiency filtration design
- Maintains optimum airflow performance
- Captures fine dust and debris particles
- Durable and long-lasting construction
- Easy to install and replace
- Essential preventative maintenance component

Product Benefits

- **Helps maintain maximum suction performance**
- **Keeps your SkyVac system operating in top condition**

- **Reduces airflow restrictions caused by clogged filters**
- Protects vacuum motor and internal components
- Improves overall cleaning efficiency
- Extends equipment lifespan through proper maintenance
- Quick and simple replacement process

Technical Characteristics

- Product Type: **Replacement Cartridge Filter**
- Compatibility: **SkyVac 75, SkyVac 78, SkyVac 85 and SkyVac Interceptor**
- Filtration Type: Cartridge filter
- Function: Dust and debris filtration
- Installation: Direct replacement
- Construction: Heavy-duty filter media
- Genuine SkyVac spare part

Applications

SkyVac Replacement Cartridge Filter is ideal for **professional gutter cleaning contractors, facilities management companies, property maintenance teams, commercial cleaning specialists and building maintenance professionals**. Designed for use during routine servicing and maintenance of SkyVac systems, it helps ensure reliable suction performance, efficient debris collection and long-term vacuum system reliability.

Property	Value
Area of Use	Gutter Cleaning Vacuums, Internal High-Level Cleaning Vacuums, Commercial Vacuum Systems, Industrial Vacuum Systems.
How to Use	Install the cartridge filter into a compatible skyVac vacuum system before operation. Clean the filter after each use with a stiff brush or rinse with water, ensuring it is completely clean and dry before reuse.
Filter Type	Replacement Air Filtration Cartridge
Product Type	Cartridge Filter
Reusable	Yes
Design	Pleated/Cleated Filter Design
