Spontex Superinox Sponge Scouring Pads - Pack of 5

Variant code: 12-067

Spontex Superinox Sponge Scouring Pads are heavy-duty stainless steel cleaning pads designed to tackle stubborn burnt-on food, grease and grime in demanding kitchen and catering environments. Manufactured from premium rust-resistant stainless steel wire, these professional scourers deliver powerful abrasive cleaning performance for cookware, grills, oven trays and kitchen equipment.

Engineered for durability and high-performance cleaning, the coiled stainless steel construction provides excellent scrubbing power while maintaining shape and effectiveness through repeated use. The open-coil ergonomic design allows for comfortable grip and improved leverage during tough cleaning tasks, helping reduce effort while maximising cleaning efficiency. Unlike traditional sponges, the open steel structure allows easy rinsing and quick drying for improved hygiene and odour control.

Supplied in a practical **pack of 5 stainless steel scourers**, Spontex Superinox pads are ideal for professional kitchens, catering businesses, hospitality venues and domestic environments requiring reliable heavy-duty cleaning performance. Manufactured from recyclable stainless steel, these durable scourers also support more sustainable cleaning practices.
