

Tork Extra Alcohol Hand Sanitising Gel – 6 x1L

Variant code: 10-424205

Tork Extra Alcohol Hand Sanitising Gel is a professional hand hygiene solution designed to provide **rapid and effective hand sanitising** in hygiene-critical environments. Developed for use in workplaces, healthcare facilities and public washrooms, the alcohol-based gel formulation helps reduce the spread of germs while remaining suitable for frequent daily use.

The fast-acting gel sanitiser effectively disinfects hands without the need for water, making it ideal for high-traffic environments where convenient and dependable hand hygiene is essential. The formulation spreads easily across the hands and dries quickly, helping maintain workflow efficiency while supporting high hygiene standards.

Designed for compatibility with **Tork dispensing systems**, the hygienically sealed refill cartridges help reduce the risk of contamination and support safe, controlled product dispensing. The sealed system also simplifies washroom servicing and improves hygiene management in professional facilities.

Supplied as a **case of 6 x 1L refill cartridges**, the sanitiser is suitable for commercial washrooms, healthcare settings, offices, hospitality venues and public environments requiring reliable alcohol hand sanitising solutions with hygienic refill performance.

Product Features

- Professional **alcohol hand sanitising gel**
- Fast-drying gel formulation
