Windmill Synergy Hard Floor Cleaner - Biological Hard Surface and Floor Cleaner - 5L

Variant code: 06-582

Windmill Synergy Hard Floor Cleaner is a **high-performance biological hard surface and floor cleaner** designed to tackle tough grease, grime and everyday soiling while minimising environmental impact. Combining powerful cleaning action with advanced biological technology, the formulation targets dirt, fats and heavy soils while helping eliminate unpleasant odours for a cleaner, fresher environment.

The innovative biological formula continues working beyond the initial cleaning process, breaking down organic residues that can contribute to lingering dirt and odours. This makes it an ideal solution for facilities seeking effective cleaning performance alongside a more environmentally responsible approach to maintenance. The cleaner leaves behind a **fresh cotton fragrance**, helping create a pleasant and welcoming environment after use.

Suitable for use on **all hard surfaces and floors**, Windmill Synergy Hard Floor Cleaner offers excellent versatility across a wide range of commercial and public environments. Whether used for routine floor maintenance or more intensive cleaning and degreasing tasks, the concentrated formula delivers reliable results while supporting efficient cleaning operations.

Supplied in a **5-litre container**, the concentrated formulation can be diluted to suit different cleaning requirements, providing a cost-effective solution for contract cleaners, facilities managers, schools, healthcare environments, hospitality venues and commercial premises.

Product Features

- **Biological hard surface and floor cleaner**
- Cuts through **grease, grime and heavy soils**
- Contains biological agents to break down organic matter
- Helps eliminate odours at the source
- **Fresh cotton fragrance**
- Suitable for all hard surfaces and floors

Product Benefits

- **Provides powerful cleaning performance on tough dirt and grease**
- **Helps reduce odours for a fresher environment**
- **Supports environmentally responsible cleaning programmes**
- Suitable for routine cleaning and heavy-duty degreasing
- Versatile formulation for multiple surface types
- Concentrated formula delivers excellent economy in use

Technical Characteristics

- Capacity: **5 Litres**
- Biological cleaning formulation
- Suitable for hard floors and hard surfaces
- Fresh cotton fragrance
- Dilution rate: **1:50 for heavy-duty cleaning and degreasing**
- Dilution rate: **1:200 for general cleaning and lightly soiled areas**

Applications

Windmill Synergy Hard Floor Cleaner is suitable for **schools, offices, healthcare facilities, hospitality venues, leisure centres, retail environments, public buildings and commercial premises** where effective cleaning and odour control are required. Its biological formulation makes it particularly effective in areas prone to grease, organic soiling and persistent odours, helping maintain cleaner, fresher and more hygienic environments.
