Pacvac 32mm Replacement Antistatic Hose with Handpiece 0.95m - For Velo Vacuum Cleaner

Variant code: 16-HOA015

Pacvac Replacement Antistatic Hose with Handpiece is a **genuine replacement vacuum hose assembly** designed specifically for the **Pacvac Velo cordless vacuum cleaner**. Engineered for durability, flexibility and reliable airflow performance, this hose helps maintain optimum vacuum efficiency while ensuring comfortable operation during daily cleaning tasks.

Featuring a **32mm connection** and integrated antistatic handpiece, the hose is designed to minimise static build-up during operation, improving user comfort and helping to prevent dust from clinging to the hose surface. Its flexible construction provides excellent manoeuvrability, allowing operators to clean around furniture, fixtures and confined spaces with ease.

The screw-fit design ensures a secure connection between the hose and vacuum system, helping maintain consistent suction performance throughout operation. Manufactured to Pacvac's professional standards, this replacement hose delivers dependable performance and long service life in demanding commercial cleaning environments.

As a genuine Pacvac approved spare part, the hose provides perfect compatibility with the Velo vacuum cleaner and is ideal for replacing worn or damaged hoses to restore machine performance.
