Pacvac Replacement 32mm Telexcopic Wand Tube for Superpro

Variant code: 16-PVRTW

Pacvac Replacement 32mm Telexcopic Wand Tube is a genuine replacement **adjustable extension wand** designed for use with **Pacvac Superpro and Velo backpack vacuum cleaners**. Manufactured from durable black metal, this telescopic wand provides extended reach for cleaning floors, ceilings and hard-to-access areas while maintaining excellent airflow and suction performance.

The adjustable telescopic design allows users to quickly extend or shorten the wand to suit different cleaning applications and operator preferences, improving comfort and reducing fatigue during prolonged use. Its robust metal construction is built to withstand the demands of commercial cleaning environments while providing reliable day-to-day performance.

Designed with a **32mm connection**, this replacement wand is easy to install and is compatible with standard 32mm Pacvac vacuum tools and accessories. It is an ideal replacement for worn or damaged extension tubes, helping maintain the efficiency and versatility of your backpack vacuum.
