Pacvac Replacement Cloth Filter Bag for Velo

Variant code: 16-DUB032

Pacvac Replacement Cloth Filter Bag is a genuine **reusable SMS (Spunbond-Meltblown-Spunbond) dust bag** designed specifically for the **Pacvac Velo Hypercone backpack vacuum cleaner**. Engineered to deliver superior airflow and efficient dust filtration, this durable reusable filter bag helps maintain powerful suction while reducing waste and lowering ongoing operating costs.

Manufactured from high-quality SMS filter material, the reusable dust bag captures fine dust and debris while allowing excellent airflow throughout the vacuum system. Its innovative Hypercone-compatible design maintains peak suction performance even as the bag fills, ensuring consistent cleaning efficiency during demanding commercial applications.

Easy to remove, empty and reinstall, this genuine Pacvac reusable cloth filter bag provides an environmentally friendly alternative to disposable dust bags. Designed for long service life and repeated use, it is an ideal replacement accessory for maintaining the performance of your Pacvac Velo backpack vacuum.

Product Features

- Genuine Pacvac reusable SMS cloth filter dust bag
- Designed specifically for the Pacvac Velo Hypercone backpack vacuum
- Reusable and easy to empty
- High-quality SMS (Spunbond-Meltblown-Spunbond) filter material
- Maintains excellent airflow and suction performance
- Compatible with the Hypercone filtration system
- Durable construction for repeated commercial use
- Environmentally friendly alternative to disposable dust bags

Product Benefits

- **Reduces ongoing consumable costs through reusable design**
