Pacvac Replacement Filter: For Velo

Variant code: 16-FIL025

Pacvac Replacement Filter is a genuine replacement filter designed specifically for the **Pacvac Velo backpack vacuum cleaner**. Engineered to provide effective dust filtration and maintain optimum airflow, this replacement filter helps preserve powerful suction performance while protecting the vacuum motor from fine dust and airborne particles.

Manufactured to Pacvac's exacting quality standards, the filter efficiently captures dust and debris before it reaches the motor, supporting cleaner exhaust air and extending the operational life of the machine. Regular filter replacement helps maintain consistent cleaning performance while reducing the build-up of contaminants within the vacuum system.

Easy to install and replace, this genuine Pacvac filter is an essential maintenance component for keeping your Velo backpack vacuum operating at peak efficiency. It is ideal for routine servicing in demanding commercial cleaning environments.

Product Features

- Genuine Pacvac replacement filter
- Designed specifically for the Pacvac Velo backpack vacuum cleaner
- Provides effective dust and particle filtration
- Maintains optimum airflow and suction performance
- Helps protect the vacuum motor
- Easy to install and replace
- Durable commercial-grade construction
- Ideal for routine vacuum maintenance

Product Benefits

- **Maintains powerful vacuum performance and airflow**
- **Helps protect the motor from fine dust and debris**
- **Supports cleaner exhaust air during operation**
- Extends the service life of the vacuum cleaner
- Quick replacement minimises equipment
