Pacvac 32mm Chrome Vacuum Tubes - For Superpro Machines - Set of 2

Variant code: 16-PVRW

Pacvac Chrome Replacement Wand Set is a **genuine two-piece vacuum tube assembly** designed specifically for **Pacvac Superpro backpack vacuum cleaners**. Manufactured from durable chrome-plated metal, these replacement wands provide a strong, reliable connection between the hose and floor tool, helping maintain optimum cleaning performance in demanding commercial environments.

Designed with a **32mm diameter**, the wand set is compatible with Superpro vacuum accessories and floor tools, delivering excellent airflow and efficient debris collection during operation. The two-piece design allows for comfortable cleaning reach while remaining easy to assemble, transport and store.

The chrome-plated construction offers excellent durability and resistance to wear, making these tubes ideal for daily professional use. Whether replacing damaged tubes or keeping spares available for maintenance, this genuine Pacvac wand set helps ensure continued vacuum efficiency and reliability.

As a Pacvac approved spare part, the Chrome Replacement Wand Set provides precise fitment and dependable performance for Superpro backpack vacuum systems.
