Pacvac Replacement Power Cord: For Superpro - 18m

Variant code: 16-PWC007

Pacvac Replacement Power Cord is a genuine replacement mains cable designed specifically for the **Pacvac Superpro Backpack Vacuum Cleaner**. Providing an extended **18-metre cable length**, it delivers outstanding cleaning coverage while reducing the need to frequently change power outlets, helping maximise productivity during commercial cleaning operations.

Manufactured from durable, heavy-duty materials, the replacement power cord is built to withstand the demands of everyday professional use. Its robust construction ensures a reliable electrical connection while maintaining the safe and efficient operation of your Pacvac Superpro vacuum cleaner.

Ideal for replacing worn, damaged or faulty cables, this genuine Pacvac replacement power cord is quick to install and helps restore your backpack vacuum to optimum working condition. The extended cable length makes it particularly suitable for cleaning large open areas, offices, schools and commercial buildings.

Product Features

- Genuine replacement power cord for Pacvac Superpro backpack vacuum
- Extended 18-metre cable length
- Heavy-duty commercial-grade construction
- Provides reliable mains power connection
- Designed for professional cleaning applications
