Pacvac Velo Go Battery Backpack - inc 1 Set of Batteries, Charger and 5 Dust Bags

Variant code: 16-VELO/1

Pacvac Velo Go Cordless Backpack Vacuum Cleaner is a compact, lightweight cordless vacuum designed to deliver exceptional cleaning freedom and powerful performance for professional and domestic users alike. Powered by advanced lithium-ion battery technology and a high-efficiency **brushless motor**, the Velo Go combines outstanding manoeuvrability with the suction power required to tackle demanding commercial cleaning tasks. Supplied complete with **one battery set, charger and 5 dust bags**, it is ready to work straight out of the box.

Featuring Pacvac's innovative **Hypercone™ 4-stage filtration system**, the Velo Go leaves the air cleaner than it finds it while maintaining peak suction through its open disposable dust bag design. A convenient **Boost Mode** provides an extra surge of power for heavily soiled areas, making it easy to remove stubborn dirt and debris. Compact enough to clean confined spaces yet powerful enough for large commercial environments, the Velo Go offers exceptional versatility across a wide range of cleaning applications.

Operator comfort is prioritised with Pacvac's premium **EcoHarness**, featuring a thick padded waistband and adjustable shoulder and chest straps for a customised fit. Manufactured using at least **50% recycled PET (rPET)** sourced from recycled plastic bottles, the harness reflects Pacvac's commitment to sustainable product design while providing excellent comfort throughout extended cleaning sessions.

Product Features

- Compact, lightweight cordless backpack vacuum cleaner
- Advanced brushless motor for long service life
- Rechargeable lithium-ion battery system
- Hypercone™ 4-stage filtration system
- Boost Mode for extra cleaning power when required
