

Polishing Floor Pad – 20" – White

Variant code: 03-S20W

White Polishing Floor Pad is a **professional non-aggressive floor polishing pad** designed to restore and maintain a **high-gloss finish** on clean hard floor surfaces. Available in sizes from **8" to 21"**, these polishing pads are ideal for dry polishing applications, enhancing floor appearance while protecting existing floor finishes during routine maintenance.

Manufactured from premium non-woven synthetic fibres, the pad provides smooth, even floor contact and delivers consistent polishing performance without excessive abrasion. Its non-aggressive design makes it ideal for maintaining polished floors where preserving the existing finish is more important than removing coatings or heavy soiling.

Suitable for use with compatible rotary floor machines, scrubber dryers and high-speed burnishers (where applicable), the White Polishing Floor Pad produces a brilliant shine while helping extend the life of floor finishes. The wide range of available sizes ensures compatibility with a variety of commercial floor cleaning machines.

Ideal for routine floor maintenance, these polishing pads provide reliable, professional results across a wide range of hard floor surfaces.

Product Features

- **Professional white floor polishing pad**
- Available in **8", 10", 11", 12", 13", 14", 15", 16", 17", 18", 19", 20" and 21" diameters**
