Polka Dot Plus Glove - L - White/Blue

Variant code: 22-A113WBRL

Polka Dot Plus Glove – Premium Protection in White/Blue

Elevate your hand protection with the **Polka Dot Plus Glove**, a perfect blend of durability, comfort, and enhanced grip. Designed specifically in an **all sizes** these gloves are engineered for those who require a roomy fit without sacrificing tactile sensitivity. Whether you are tackling rigorous warehouse tasks, general maintenance, or DIY home projects, these gloves provide the "plus" factor in safety and performance.

The striking white knit base paired with high-visibility blue PVC dots ensures you stay visible and protected. These aren't just work gloves; they are a reliable partner for your most demanding manual labour.

Key Features & Benefits

- **Superior PVC Dot Grip:** The palm and fingers are reinforced with high-density blue PVC dots, providing **maximum traction** and preventing slips even when handling smooth or oily surfaces.

- **Breathable Cotton-Polyester Blend:** Experience **all-day comfort** with a lightweight, flexible knit fabric that allows for air circulation, keeping your hands cool and dry during intense work.

- **Extended Elasticated Wrist:** Features a secure, snug fit that keeps out dirt and debris while ensuring the gloves stay firmly in place throughout your shift.

- **Durable & Reversible:** The high-quality construction is built for **longevity and abrasion resistance**, making them a cost-effective solution for high-turnover environments.

- **High-Contrast Design:** The vibrant white and blue colour scheme isn't just for style- - it aids in hand signaling and

improves visibility in low-light workspaces.

Ideal Applications

- **Warehousing & Logistics:** Ideal for picking, packing, and box handling.
- **Construction & Maintenance:** Protects against minor abrasions and improves tool handling.
- **Gardening & Landscaping:** Keeps hands clean while providing the grip needed for heavy machinery or tools.
- **General Utility:** A versatile "must-have" for any toolbox or garage.

Pro-Tips for Longevity & Safety

Pro-Tip 1: To maintain the integrity of the PVC dots, avoid exposing the gloves to high heat or open flames, as this can melt the grip pattern.

Pro-Tip 2: If the gloves become soiled, hand wash them in cool water with mild detergent and air dry. Machine drying may cause the elastic in the wrist to degrade over time.

Frequently Asked Questions (FAQs)

Q: Are these gloves touch-screen compatible? A: While the PVC dots provide great grip, they are not specifically designed for precision touch-screen use. However, they may work for basic "swipe" functions on some screens.

Q: Does the "Plus" in the name refer to extra thickness? A: Yes! The "Plus" indicates a higher-density knit and more robust PVC dotting compared to standard economy polka dot gloves, offering better protection and a longer lifespan.

Q: Will the XL size fit a standard large hand? A: These are true-to-size XL. They offer extra room in the palm and finger length, making them ideal for users who find standard large gloves too restrictive.
