Premium Quality Blue Roll Centrefeed - 2 Ply - Blue - 150m - Case of 6

Variant code: 01-251

Premium Quality Blue Roll Centrefeed is a durable and versatile **2 ply wiping paper solution** designed for professional cleaning, drying and wiping applications across commercial and industrial environments. Manufactured for reliable everyday performance, these premium centrefeed rolls provide strong absorbency and dependable dispensing for a wide variety of workplace tasks.

Each roll offers an extended **150 metre length**, helping reduce refill frequency and improve operational efficiency in busy environments. The premium-quality **2 ply construction** delivers enhanced strength, absorbency and durability for effective general wiping applications. Featuring excellent embossing and strong perforations, the rolls provide improved paper separation and reliable performance comparable to leading branded alternatives.

Designed for use with compatible **centrefeed dispensers**, these blue rolls are suitable for workplaces where hygiene, practicality and efficient cleaning performance are essential. Supplied in a convenient **case of 6 rolls**, they provide a cost-effective and dependable solution for professional wiping and maintenance tasks.
