Prochem Solution Hose Assembly - 25ft / 7.6m - Fitted with 2 Male Quick Connectors

Variant code: 16-E5001

Prochem Solution Hose Assembly is a **professional-grade high-pressure solution hose** designed for use with carpet cleaning and extraction machines. Manufactured to withstand demanding commercial cleaning applications, this durable hose delivers reliable cleaning solution flow between the machine and cleaning wand, helping maintain consistent extraction performance.

Constructed with a **1/4" internal diameter** and rated to **3000 PSI**, the hose is capable of handling high-pressure cleaning applications while maintaining excellent durability and flexibility. It is also temperature rated to **250°F (121°C)**, making it suitable for use with hot water extraction systems where elevated solution temperatures are required for improved cleaning results.

Supplied fitted with **male quick-connect couplings at both ends**, the hose provides fast and secure connection to compatible carpet cleaning equipment, minimising setup time and ensuring reliable operation. Its 25ft (7.6m) length offers excellent reach, allowing operators to clean larger areas without constantly repositioning the extraction machine.

Suitable for use with most carpet cleaning machines, this genuine Prochem solution hose assembly is an essential accessory for professional carpet and upholstery cleaning applications.

Product Features

- **Professional carpet cleaning solution hose**
- **25ft (7.6m) hose length**
- Rated to **3000 PSI**
- **1/4" internal diameter**
- Temperature rated to **250°F (121°C)**
- Fitted with **2 male quick-connect fittings**
- Flexible and durable construction
- Suitable for hot water extraction systems

- Compatible with most carpet cleaning machines

Product Benefits

- **Provides reliable high-pressure solution delivery**
- **Suitable for demanding commercial cleaning applications**
- **Quick-connect fittings enable fast installation**
- Excellent reach for cleaning larger areas
- Handles high temperatures for hot water extraction
- Durable construction ensures long service life
- Compatible with a wide range of extraction equipment

Technical Characteristics

- Product Type: **Solution Hose Assembly**
- Length: **25ft (7.6m)**
- Pressure Rating: **3000 PSI**
- Internal Diameter: **1/4"**
- Temperature Rating: **250°F (121°C)**
- Fittings: **2 x Male Quick Connectors**
- Application: Carpet & Upholstery Extraction
- Compatibility: Most Carpet Cleaning Machines
- Genuine Prochem accessory

Applications

Prochem Solution Hose Assembly is ideal for **professional carpet cleaners, upholstery cleaning specialists, contract cleaning companies, hotels, healthcare facilities, schools, offices and facilities management providers**. Suitable for use with **hot water extraction machines and carpet cleaning systems**, it provides dependable solution delivery for carpet cleaning, upholstery cleaning, spot treatment and restorative extraction cleaning applications.

Property	Value
Length (mm)	760
Weight (kg)	1.88
Area of Use	Carpet Extraction Machines, Upholstery Cleaning Machines, Professional Cleaning Equipment, Steempro Machines.
