Prochem Brass Male Quick Connector - For Carpet Cleaning Hoses & Accessories

Variant code: 16-GU00104

Prochem Brass Male Quick Connector is a **genuine replacement quick-connect fitting** designed for use with carpet cleaning solution hoses, extraction wands and professional cleaning equipment. Manufactured from high-quality brass, this durable connector provides a secure and reliable connection point for solution delivery systems used in carpet and upholstery cleaning applications.

Engineered for fast and efficient equipment setup, the male quick connector allows operators to quickly attach and disconnect compatible hoses and accessories without the need for time-consuming threaded fittings. Its precision-machined design ensures a secure fit while maintaining unrestricted solution flow and dependable system performance.

Constructed from corrosion-resistant brass, the connector is built to withstand regular exposure to water, cleaning solutions, elevated temperatures and high-pressure cleaning environments. Its robust construction ensures long service life and reliable operation in demanding commercial cleaning applications.

As a genuine Prochem replacement component, the Brass Male Quick Connector provides excellent compatibility and is ideal for maintaining, repairing or upgrading professional carpet cleaning equipment.

Product Features

- **Genuine Prochem male quick connector**
- Durable brass construction
- Quick-connect design for fast installation
- Suitable for carpet cleaning solution systems
- Precision-machined for secure fitment
- Corrosion-resistant material
- Reliable solution flow performance
- Professional-grade replacement fitting

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- **Allows rapid connection and disconnection of equipment**
- **Provides a secure and leak-resistant solution connection**
- **Reduces equipment setup and maintenance time**
- Durable brass construction ensures long service life
- Resistant to corrosion, wear and cleaning chemicals
- Maintains efficient solution flow and cleaning performance

Technical Characteristics

- Product Type: **Male Quick Connect Fitting**
- Material: **Brass**
- Connection Type: Quick Release / Quick Connect
- Application: Carpet Cleaning Solution Systems
- Construction: Corrosion-Resistant Metal
- Compatibility: Suitable for compatible Prochem hoses, wands and extraction accessories
- Genuine Prochem spare part

Applications

Prochem Brass Male Quick Connector is ideal for **professional carpet cleaners, upholstery cleaning specialists, restoration contractors, facilities management providers and commercial cleaning companies**. Suitable for connecting **solution hoses, carpet wands, upholstery tools and extraction equipment**, it provides a reliable, durable and efficient connection for professional cleaning systems.

Property	Value
Weight (kg)	0.04
Material	Brass
Area of Use	Carpet Cleaning Machines, Upholstery Cleaning Machines, Solution Hoses, Extraction Cleaning Equipment.
How to Use	Install the 1/4" brass male plug into a compatible fitting and connect it to a matching female quick-connect socket to create a secure solution hose connection.
