

Prochem Carpet Pile Brush – Head Only – 15"

Variant code: 09-PA3401

The **Prochem Carpet Pile Brush** is a purpose-designed **15-inch carpet brush** suitable for professional carpet cleaning applications. Featuring **nylon fibres**, it is designed for use during carpet cleaning and maintenance procedures where effective manual agitation and pile grooming are required.

The brush can be used for **pre-spray agitation**, helping to work pre-spray treatments into the carpet prior to the main cleaning process. It can also be used for **re-setting carpet pile** following cleaning, making it a practical accessory for professional carpet care.

This product is supplied as the **brush head only** and requires a compatible **threaded handle** for use. The brush has a published product weight of **0.55kg**.

Product Features

- Purpose-designed carpet pile brush
- 15-inch brush head
- Features **nylon fibres**
- Suitable for **pre-spray agitation**
- Designed for **re-setting carpet pile**
- Suitable for professional **carpet cleaning and maintenance**
