Prochem Easy-Grip Stainless Steel Upholstery Tool and Hose Complete

Variant code: 16-PM2502

Prochem Easy-Grip Stainless Steel Upholstery Tool & Hose Assembly is a **professional upholstery extraction tool** designed to deliver outstanding cleaning performance on upholstery, soft furnishings and fabric surfaces. Featuring a durable stainless steel construction and ergonomic Easy-Grip handle, this complete assembly provides excellent operator comfort, control and reliability during professional cleaning applications.

The tool is supplied complete with a **1.8m (6ft) internal solution hose, vacuum hose and external 02 spray tip**, allowing effective application and recovery of cleaning solution for superior upholstery cleaning results. The external spray system delivers controlled solution distribution while the powerful vacuum recovery helps remove soil, moisture and residues from fabric surfaces.

Designed for regular commercial use, the stainless steel body offers exceptional durability and resistance to corrosion, making it suitable for demanding cleaning environments. The Easy-Grip handle improves comfort during extended use and provides greater control when cleaning furniture, seating, partitions and other upholstered surfaces.

As a genuine Prochem accessory, this complete upholstery tool and hose assembly offers professional-grade performance, long service life and dependable results for upholstery and fabric cleaning specialists.
