

Prochem Endeavor 500 – 500psi Carpet Cleaning Machine with 7.6m Hose and 2 Jet Stainless Steel Wand

Variant code: 16-SX9500

The new Endeavor is packed with a host of new features to give you the power, performance and convenience in a brand new extractor design. New specifications include: Single 8.4" high performance, low noise vacuum motors Handle mounted wheels for easy vehicle loading Top front mounted controls and new front mounted wand stowage. Featuring a high pressure 500 psi induction drive piston pump and high airflow single 8.4" Ametek vacuum motor, the new Endeavor 500 matches the performance of a small truck mount unit. With fully controllable solution pressure via the adjustable regulator and sight pressure gauge, the Endeavor 500 provides fast high power portable carpet cleaning with the flexibility to reduce solution pressure for smaller jobs and upholstery cleaning. The machine comes with hoses and 2-jet Glidemaster stainless steel wand fitted with Teflon wand glide. This machine includes free 1 day training course at Prochem
