Prochem Polaris 700 - Brush Carpet Cleaning Machine

Variant code: 16-SP700

Prochem Polaris 700 is a professional **brush carpet cleaning machine** designed to deliver fast, effective and consistent carpet maintenance in commercial environments. Combining powerful brushing action with efficient dirt recovery, the Polaris 700 provides excellent cleaning results while helping to extend carpet life and maintain a professional appearance in high-traffic areas.

Engineered for routine carpet care and interim maintenance cleaning, the Polaris 700 uses a high-performance cylindrical brush system to agitate carpet fibres and lift embedded dirt, dust and debris. The brush action effectively restores carpet appearance while improving cleanliness and helping carpets dry quickly after cleaning. Its compact and manoeuvrable design allows operators to work efficiently across large carpeted areas while maintaining excellent control around furniture and obstacles.

Built for professional cleaning contractors, facilities management teams and in-house maintenance staff, the Polaris 700 combines ease of operation with robust construction and dependable performance. Its simple controls, durable components and efficient cleaning capability make it a practical solution for maintaining carpeted environments to a high standard.

Product Features

- **Professional brush carpet cleaning machine**
- High-performance cylindrical brush system
- Designed for interim carpet maintenance cleaning
- Compact and manoeuvrable machine design
- Effective dirt agitation and debris recovery
- Simple controls for easy operation
